

Technical parameters:

- 1、 Machine breadth: 2600mm; fabric maximum w/w 2400mm
- 2、 Machine design speed: 80m/min
- 3、 Gas source: natural gas or LPG
- 4、 Installed power: ~43.2kw

- 5、 Burner mode: Energy saving cast iron triple jet burner
- 6、 Drive mode: Ac motor drive, frequency control
- 7、 Frame: 200*80*4MM
- 8、 Operation mode: touch screen and button, man-machine interface
- 9、 Extinguishing method: nitrogen extinguishing
Including 1set nitrogen generator, capacity: 30m³/hr, nitrogen purity :99.99%
1 set air compressor, 18.5kw
